Honoring the Past. Ignite the Future.

Join Us Where It All Began

Your guide to the Celebration weekend

Fifty years ago, St. George's University opened its doors on a small, beautiful island nation with a bold vision: to bring together students from around the world and give them the opportunity to turn ambition into achievement. In 1977, our charter class and Super 8s began a journey that more than 25,000 graduates — spanning over 150 countries — have followed since. Now we invite you home to Grenada to celebrate the people, the place, and the half-century of impact that made it all possible.
